TROPICAL BIOMEDICINE

Vol. 33 No. 3

September 2016

CONTENTS

Page

- Preliminary observations on biology of a man-and cattle-biting *Phlebotomus major major* and a cave dwelling *Phlebotomus stantoni* under laboratory conditions
by Polseela, R. and Apiwathnasorn, C. 403
- Xenobiotic-induced expression of detoxification genes, *CYP4H28v2* and *CYP4H31v2* in the dengue mosquito *Aedes aegypti* by El-garj, F.M.A., Avicor, S.W. and Wajidi, M.F.F. 409
- Larval Distributions and breeding habitats of *Aedes aegypti* and *Ae. albopictus* in Kuala Terengganu by Basari, N., Aiman Syazwan, H., Mohd Zairi, Z. and Nur Aida, H. 420
- Prevalence of intestinal protozoan infections and association with hygiene knowledge among primary schoolchildren in Salahutu and Leihitu districts, Central Maluku regency, Indonesia
by Maria D.G. Sianturi, Irene M. Rahakbauw, Fransiska Meyanti, Rizqiani Amalia Kusumasari, Yayuk Hartriyanti, E. and E. Elsa Herdiana Murhandarwati 428
- Two new species of coccidia, *Eimeria pavota* and *Eimeria egyptica* parasitic in white peacocks, *Pavo cristatus* (Galliformes: Phasianidae) in Egypt by El-Shahawy, I.S. 437
- Susceptibility status of field populations of *Rhipicephalus bursa* (Acari: Ixodidae) to pyrethroid insecticides by Ziapour, S.P., Kheiri, S., Fazeli-Dinan, M., Sahraei-Rostami, F., Mohammadpour, R.A., Aarabi, M., Asgarian, F., Sarafrazi, M., Nikookar, S.H. and Enayati, A. 446
- Comparative study on isoenzyme patterns of *Fasciola hepatica* and *Fasciola gigantica*
by Sarkari, B., Sedaghat, B. and Hatam, G.R. 462
- Prevalence of leptospirosis in healthy dogs and dogs with kidney disease in Klang Valley, Malaysia
by Lau, S.F., Low, K.N., Khor, K.H., Roslan, M.A., Bejo, S.K., Radzi, R. and Bahaman, A.R. 469
- Prevalence of virulent resistant *Salmonella enterica* strains from sushi and sashimi samples in Malaysia by Suat Moi Puah, Kek Heng Chua and Jin Ai Mary Anne Tan 476
- Drug resistance mutations among virological failure HIV-1 infected patients in Malaysia
by Mohd Zain, R., Ibrahim, N., Ismail, S., Mat-Rahim, N.A., Suppiah, J., Thayan, R., Zainol Rashid, Z. and Saat, Z. 486

(continued on inner front cover)

| | |
|---|-----|
| Canine myiasis by <i>Lucilia eximia</i> in North America by Muñoz-García, C.I., Lorenzo-Burgunder, D., Gumi-Castillo, G., Perelló-Undreiner, D.B., Zenteno-Nava, E. and Orozco-Gregorio, H. | 494 |
| Species composition and level of infestation of cockroaches in three areas in Hanoi by Trinh, V.H., Nguyen, T.H., To, T.M.D., Nguyen, T.M., Tran, T.T.H. and Nguyen, V.C. | 500 |
| Tick diversity and detection of <i>Coxiella burnetii</i> in tick of small ruminants using nested Trans PCR in Southeast Iran by Nourollahi Fard, S.R., Omid Ghashghaei, O., Khalili, M. and Sharifi, H. | 506 |
| Current knowledge of dengue pathogenesis and potential role of <i>Carica papaya</i> and vitamins in dengue fever by Rahman, M.T., Haque, N., Abdurrazaq, N.B. and Aziz, J. | 512 |
| Thrombocytopenia and anemia related to retinal detachment in dogs infected with <i>Ehrlichia canis</i> and <i>Anaplasma platys</i> by Saeng-Chuto, K., Thayananuphat, A., Sritrakoon, N. and Nimsuphan, B. | 519 |
| Acute <i>Strongyloides venezuelensis</i> infection did not prevent EAE development: implications for hygiene hypothesis by Chiuso-Minicucci, F., Zorzella-Pezavento, S.F.G., Marra, N.M., Peres, R.S., França, T.D.G., Ishikawa, L.L.W., da Rosa, L.C., Mimura, L.A.N., Turato, W.M., do Amarante, A.F.T. and Sartori, A. | 526 |
| Classification, capsular PCR typing and genetic diversity of <i>Pasteurella multocida</i> isolated from sheep and goats in Iran using Bam HI, Hind III restriction endonuclease enzymes by PCR-RFLP by Tahamtan, Y. and Mirghafari, H. | 535 |
| Genetic variation of the mitochondrial genes, CO1 and ND5, in <i>Aedes aegypti</i> from various regions of peninsular Malaysia by Yugavathy, N., Kim-Sung, Lee, Joanne, S. and Vythilingam, I. | 543 |
| The divergence pattern of <i>Trichinella spiralis</i> isolates from China revealed by mitochondrial and ribosomal markers by Zhang, X., Duan, J.Y., Wang, H., Qi, X., Sun, G.G., Jiang, P., Liu, R.D., Wang, Z.Q. and Cui, J. | 561 |
| Immune effects of a precocious line of <i>Eimeria necatrix</i> with different doses and at different immunization times by Rui-Ai Chen, Wen-Li Wang, Rui-Qing Lin, Li-Dan Liu, Gui-Cheng Liao, Jian-Hong Tang, Song-Ming Wu, Zhi-Jian Tan and Ya-Biao Weng | 570 |
| Research Notes | |
| A Report of Vancomycin-susceptible, Teicoplanin-resistant <i>Enterococcus faecalis</i> ST6 in Malaysia by Loong, S.K., Che Mat Seri, N.A.A., Mahfodz, N.H., Ahmad Nasrah, S.N., Akbar, S.Z. and AbuBakar, S. | 577 |
| Distribution and abundance of black flies (Diptera: Simuliidae) in recreation parks in Selangor State, Peninsular Malaysia by Chen, C.D., Takaoka, H., Tan, P.R., Lau, K.W., Low, V.L., Leong, C.S., Karen-Chia, H.M. and Sofian-Azirun, M. | 583 |
| Isolation and Identification of an Emerging Pathogen, <i>Kocuria marina</i> , from <i>Rattus rattus diardii</i> by Loong, S.K., Johari, J., Che Mat Seri, N.A.A., AbdulRazak, O., Douadi, B., Ahmad Nasrah, S.N., Mohd Zain, S.N. and AbuBakar, S. | 589 |
| Titivangsa Lake a source of urban parasitic contamination by Azlan, A. Majid., Rasid, M.N., Richard, R.L., Mahboob, T., Sritongchuen, C., Jaturas, N., Tan, T.C., Sawangjaroen, N., Lim, Y.A.L. and Nissapatorn, V. | 594 |

NOTICE TO CONTRIBUTORS

The Journal welcomes previously unpublished papers which contribute to the advancement of knowledge of parasitology, tropical medicine and other aspects of biomedical research.

Manuscripts which must be in English, should be sent to the Editor, Dr. Indra Vythilingam, by email as attachment – editor@msptm.org (MS Word is what we prefer).

Papers should be preceded by a short abstract and will normally have the following sections: brief Introduction; Materials and Methods; Results; Discussion; Acknowledgements and References. Past issues should be consulted for a suitable format.

Information should not be repeated in the text and in tables or figures. The legends to tables and to figures should be sufficiently detailed for the information to be understood without reference to the text. All figures will be printed in black and white. Authors will have to pay for colour printing. Citation of unpublished reports is not permitted.

References should be given in alphabetical order with the **full title of the journal**, for example.

Laudau, I. & Boulard, Y. (1978). Life cycles and morphology. In: *Rodent Malaria* (Editors, R. Killick-Kendrik & W. Peters) pp. 53–84. Academic Press, London.
 Lim, B.L., Sustriayu, N., Haidi, T.R. & Bang, Y.H. (1980). A study on small mammals in the Ciloto field station area, West Java, Indonesia with special reference to vectors of plague and scrub typhus. *Southeast Asian Journal of Tropical Medicine and Public Health* **11**: 71–80.

Reprints

Reprints will not be provided as the pdf format can be downloaded from the Society's website: <http://www.msptm.org>
